Contract Term

The term of commitment is on a "per semester" bases, and the contract is to begin upon the commencement of the second lesson, until the last week of classes for the current semester in which the student is enrolled. E.g. Fall or Spring. Every student is afforded the possibility of opting out of lessons after the first lesson, but once the student attends the second lesson, the semester commitment is engaged and financial responsibility for the semester is assumed.

Scheduling

Lessons are offered weekly in half hour time slots. These slots are scheduled in the first few weeks of the school year, and every attempt is made to schedule the lesson to occur within a student's free period during the course of the academic week. Occasionally, if there is no suitable weekday time slot available, lessons will be scheduled in the evening or on a weekend.

Payment

Payment will be billed home approximately once a month and will reflect the current amount due.

Pricing Enquire today!*

*Transportation and/or Administrative Fees May Apply (On average \$100 to \$150 per semester)

Student Responsibilities

Materials: Students are responsible for the purchase/hire of their own books, instruments, and other materials needed for the lessons they are receiving. Teachers will assist in referring our students to where they can obtain these items, however they are not responsible for providing them personally.
